

Hot Water Urns

The new range of Roband Hot Water Urns combine innovative design and outstanding features, delivering one of the best commercial urns available on the market, at very competitive prices. Three sizes are available with 10, 20 or 30 Litre water capacity, ensuring that there's a Roband urn to suit your needs.

FEATURES

- Solidly built polished 304 stainless steel, welded construction
- Clever boil-dry protection ensures product longevity
- Condensation return lid to prevent water loss through evaporation
- Highly visible and protected sight glass water level indicator
- Sturdy non-drip tap, preventing scalding from water drips
- Adjustable thermostat control to moderate water temperature
